Tarte, who made the McGreevey exposures, has accepted the liberal nomination for Montmorency.

The equal rights association has issued a manifesto declining to advise on the trade question and requesting the electors to vote against any member who supported the Jesuits' estates act.

The boiler in the Quebec worsted factory exploded, on Thursday. Half of the building was completely wrecked. Twenty-one persons killed and over that number injured, many of whom will die.

The Marquette liberals have re-nominated Watson. The conservatives have selected Nathaniel Boyd of Carberry. Selkirk conservatives have re-nominated Daly. The liberals have selected Attorney-general Martin. No opponents to Ross and Lariviere have yet been selected. No candidates have yet been selected in Winnipeg.

WINNIPEG, February 6.

Macdonnell is committed for trial for recent burglary of Jacques' jewelry store in Calgary.

The government has decided to establish Indian day schools in the Eastern provinces during the current year.

The Italian chamber of deputies refused to sanction premier Crispi's proposed spirits tax, and the government resigned.

The natives of the Caroline islands attacked a fortress and killed ninety Spanish soldiers. A fierce battle followed, both sides losing heavily.

Ross, M. P. for Lisgar suggests that the same aid be given to immigrants from Dakota as to those from Europe. The suggestion will probably be adopted.

Five hundred infantry soldiers, comprising part of the garrison at Oporto, Portugal, revolted on Saturday with the avowed object of organizing a republic. They were quickly subdued by loyal artillery. Loss on both sides fifty killed and 200 injured.

WINNIPEG, February 12.

General Sherman is dying in New York.

Erastus Wiman has declined several offers of nomination by liberals.

Joseph Tasse and Hypolite Montplaisir have been appointed senators.

Rumored at Ottawa that several leading politicians are to be arrested for treason.

The Grand Trunk freight sheds at Bonaventure station were burned yesterday. Loss \$50,000.

Rykert demands a judgeship or senatorship, or else he will be a candidate again in Lincoln.

McLaren's sawmills and adjoining buildings and a quantity of lumber was burned on Sunday. Loss \$150,000.

There is no truth in the rumor that police commissioner Herchmer has resigned and been succeeded by another.

Secretary Blaine denies making offers of reciprocity as alleged by Sir John. But Sir Charles Tupper says that he did.

Sir John requested Montreal to subscribe \$150,000 for government election fund, and Canadian Pacific company responded with \$50,000.

A blizzard swept Wyoming, Nebraska and South Dakota on Sunday. Several persons were frozen to death. Heavy range losses are feared.

The Ormoude club offers a purse of £20,000 for a glove contest between Sullivan and Slavin. The latter accepts. The former has been notified.

Sir Charles Tupper in a speech at Kingston justified dissolution because it would foil the attempt by liberals to bring about annexation to the United States.

It was represented at Fargo, Dakota, board of trade meeting on Tuesday that 150 families in McIntosh county, Dakota, were without food. A car load of flour was sent.

Ontario legislative met yesterday and elected Thos. Ballantyne of South Perth speaker. Speech from the throne was delivered to-day and the house adjourned until after the Dominion elections.

Three thousand unemployed men paraded the streets of Toronto yesterday carrying a banner bearing the motto, "Bread or Work." They asked the mayor what to do and got a discouraging reply. They dispersed, threatening a renewal of the demonstration, and propose violence.

Sir John has issued an appeal to the electors of Canada saying that his policy was the same now as for the past thirteen years. He makes no mention of the reciprocity proposals which it was alleged were the cause of the dissolution, and claims that the unrestricted reciprocity policy of the liberals means an annual deficit of \$14,000,000 necessitating direct taxation and also discrimination against Great Britain and ultimate annexation to the States.

WINNIPEG, February 14.

Blake permanently retires from public life having declined re-nomination in West Durham.

Accepting the liberal nomination in East York Mackenzie said he was in perfect accord with the policy of the party.

A great liberal meeting was held in Toronto last night at which Cartwright, S. H. Blake, Dryden and Hardy spoke endorsing Laurier's platform and denouncing the national policy and dissolution as outrages.

Laurier has issued his manifesto joining issue with Sir John on the trade question. Sir John appeals on the merits of the natural policy, promising to send commission to Washington to offer reciprocity in national products, which the United States have already said they won't entertain. The liberals propose offering reciprocity in manufactured articles also, which the United States are willing to negotiate for. Laurier declares that dissolution under the present circumstances is an outrage that would not be tried in any other British country.

FORT SASKATCHEWAN, February 13.

A few ladies of Fort Saskatchewan district gave a surprise party to the officers, non-commissioned officers and men of "G" division, North-West Mounted Police at the Palace Hotel, Fort Saskatchewan, on Monday evening the 9th instant. About 50 couples were present. Dancing commenced at eight o'clock and kept up until about six next morning. The supper prepared by the ladies, Mrs. Porte, Mrs. Walker, Mrs. Carstairs, Mrs. and Miss Meardon, Mrs. Paradis, Mrs. Price and several others did credit to them, as also the decorations and mottoes which adorned the two large rooms used for dancing. The music by Charles Stewart was good, and Mr. Helmick, the proprietor of the hotel did all in his power to make things pleasant for everyone and succeeded as usual.

The persons possessing the above qualifications are entitled to be placed on the voters list. This voters list is prepared in the Northwest Territories as follows:

Section 28 of "Northwest Territories Representation Act," as amended by section 3 of chapter 10 of 1888:

"The Governor-general may appoint enumerators to make lists of the electors in the electoral district; and if such appointments have not been made before the issue of a writ for the election, the returning officer, immediately upon his receiving such writ conjointly with any two justices of the peace or with one justice of the peace and a notary public or with any one of them resident in or near the electoral district and two electors of such district, either of the number being a candidate, shall appoint under their hand a competent and reliable person to be enumerator for any one or more polling divisions of such district and the returning officer shall see that no polling division is omitted to be included in some one of such appointments."

D. McLEOD has 10,000 ties for the C. & E. delivered on the right of way near the Black Mud.

J. H. ADAMS, traveller for Robertson, Linton & Co., Montreal, arrived on Monday's stage.

PRIVATE telegrams announce Jas. Reilly, mayor of Calgary, as a parliamentary candidate for Alberta.

A BUSHEL of unslacked lime will absorb 28 pounds of moisture. This is a useful hint to owners of damp cellars.

ATA conservative convention held yesterday in Calgary D. W. Davis was selected as the conservative candidate.

THE Calgary Tribune publishes without remark the Clover Bar petition against Edmonton as the C. & E. terminus.

B. P. RICHARDSON, M. L. A. for Wolseley, Assiniboia, has been appointed census commissioner for the Northwest Territories.

THE Chicago Graphic of January 31st has sketches of Bloomington, Illinois, of Millet the painter, ice boating on the Hudson, etc.

MALCOLM McLEOD, lumbering for Fraser & Co. has 350,000 feet of logs out and will have the remainder of 800,000 feet out before spring.

INDIAN agent Clink of Battle river was in town on Sunday last. The Indians are contented and industrious on the Battle river reserve.

S. B. LUCAS late Indian agent at Battle river left on Monday of last week with his family for his new appointment on the Sarcee reserve near Calgary.

DR. POTVIN informed the BULLETIN yesterday that scarlet fever in a mild form had appeared in Edmonton. Heads of families should take measures to prevent the spread of the disease.

Calgary Tribune: The H. B. Co. have arranged for the immediate transfer of the Calgary business of I. G. Baker & Co. The latter store will be closed for stock-taking to-day and will remain closed until stock-taking is completed.

THE H. B. Co. have been requested to provide conveyance for officers carrying the election proclamation to Lac la Biche, Athabasca Landing and Lake St. Ann, who will reach Edmonton on Sunday.

THE C. & E. tie contracts between Edmonton and Red Deer which were reported to be cut down, have been permitted to remain at the original figure and the tie-makers who had already started for Calgary were turned back and have gone to work.

J. ROSS, Indian agent at Saddle lake arrived in town on Saturday evening last, and left for home on Wednesday. Snow is deeper at Saddle lake than at Edmonton. The fishery at Saddle lake is not good and the health of the Indians this winter is poor.

R. McKERNAN, arrived from Calgary and Ontario on Wednesday. Mr. McKernan has spent several months in the eastern counties of Ontario working in the interests of immigration to this district which he is confident will have fruitful results. The weather has been very severe this winter in the east.

A TELEGRAPHIC item in the BULLETIN a week or two ago stated that Judge Kilian's decision sustaining the Manitoba anti-separate school act had been reversed by the full court. The item was incorrect. Judge Kilian's decision sustaining the validity of the act was sustained by the full court. The case has been appealed to the supreme court of Canada by the opponents of the act.

THE H. B. Co. Peace river packet arrived on Thursday, brought by D. Desjardis. The winter was mild at Slave lake with some rain, but changed to cold and snowy weather before the mail left. The long continued mild weather of the fall caused a large number of the fish caught to spoil, and consequently some families have not enough, but they are catching fish through the ice. Two of the 4 miners who went north last summer with mules and wagons are wintering at Slave lake and intend going on to Peace river in the spring.

THE Winnipeg Commercial of February 2nd is chiefly devoted to Prince Albert in all its phases, commercial industrial and agricultural, as it has been, as it is and as it is to be.

JOHN BROWN, commissary officer for the C. & E. company arrived on Tuesday from Red Deer to purchase oats for railway use next spring. He has purchased 15,000 bushels from Norris & Carey and has arranged for 15,000 bushels more, which are to be delivered in sacks across the river, where they will be received by Mr. Johnstone, who accompanied Mr. Brown. They will be freighted to Frank Lucas' forty miles south by Joseph Macdonald. Mr. Brown says the Edmonton oats are superior to those purchased in Manitoba. The price is 34c. This deal means about \$10,000 cash to this district.

THE telegraph brings no news of the progress of election matters in the other electoral districts of the North-West. There is a rumor that Macdowall is to be opposed by Montgomery of Battleford, a former government official, in Saskatchewan. The liberal nomination was offered to C. Mair of Prince Albert, who was in the east, but was not accepted. Anti-Davin conservatives in West Assiniboia are numerous and influential, but the old difficulty as to who will bell the cat, stands in their way. There is not likely to be a liberal candidate to oppose Mr. Davin. In Eastern Assiniboia there is only a remote probability that Mr. Dewdney will be opposed.

#### OUR MEMBER.

The electoral action of D. W. Davis, M.P. for Alberta is before the public. It amounts to the present government during the term for which he was elected and will support it as consistently in the future. If Mr. Davis' resting his claim to the support of the people of Alberta in the present contest on that point, had explained just what policy the government was likely to pursue on the important questions of the day. If returned to office, and if that policy was acceptable to the public, and in the interests of the people of the Territory, his claim to support would have been strong. But when he rests his claims on the yet undefined policy of the government he asks the people to forgo the right of private judgment and accept whatever policy may be dictated to them by whoever may chance to become their rulers during the next few years. Mr. Davis must have great faith in his personal merits or in the value of his personal services to expect support on such an appeal. He recounts his personal services and makes them out to be as follows: (1) Efforts to secure funds for the construction of public works and the erection of public buildings. (2) Construction of Calgary & Edmonton railway and (3) Extension of Lethbridge railway to Montana. Regarding the first claim: Any elector in any section of the district is competent to judge whether public works and public buildings have or have not kept pace with the requirements of the country during Mr. Davis' term of office. If they have Mr. Davis is entitled to credit, and if they have not he must shoulder the blame. He is responsible for the representations made to the members of the government and to parliament whereby the needs of the country are brought before their notice so forcibly as to secure their supply. If the government is worthy of confidence and is desirous of serving the interests of the Northwest, as Mr. Davis declares it to be, and there is any shortage Mr. Davis and not the government must be held chiefly to blame. Just what he himself thinks of the claim thus put forward may be judged by the following sentence from his address: "Had another session the House intervened before the dissolution of parliament large appropriations would have been placed in the estimates for the building of bridges and 'public buildings at various points of settlement throughout this district.' This means either that the needs of the district had not been adequately supplied hitherto or that Mr. Davis expected large and unnecessary appropriations to have been made—for what purpose the public can easily judge. If the long, vexatious and deeply injurious delay in granting the railway extensions alluded to by Mr. Davis is overlooked, the government may be accorded due credit for the special public assistance given the C. & E. road, but what obligation the Alberta railway and Coal company people are under for the privilege of being permitted to secure sufficient British capital to extend their line to the States and thereby increase the output and value of their mines it is difficult to see. Just where Mr. Davis or his influence comes in, in connection with these railway enterprises, he would do himself a service to point out. If he had influence enough to get the railway built he surely had influence enough to protect the interests of the three principal centres of population along its line, something that he appears as utterly unable to do in the case of Macleod, his home, as in the case of Calgary which gave him its best support or as in that of Edmonton which had no reason to expect favors at his hands. If he cannot control such a small part of the railway scheme as this—and one which it is particularly his business to control—he can scarcely expect credit as the main spring of the scheme itself. And if he claims credit as the main spring of the scheme he must be willing to accept blame when the interests of

the resident population—his constituents, whom he claims to have benefited—are not protected.

If this were Mr. Davis' first appearance before the public his claim to support on the ground that he could forward the interests of his constituents by simply supporting the present administration might have some weight. But unfortunately for Mr. Davis he is on record before the people of Alberta as having promised four years ago to work for certain things and he is also on record as having utterly failed to secure these things. If Mr. Davis then advocated what was right and in the public interest, either Mr. Davis or the government which he supports is seriously at fault, for not one of these many solemn and definite promises have been made good except that to support the government of Sir John A. Macdonald; which, according to Mr. Davis' theory, should have resulted in all—at least a fair proportion—of these needs of the Northwest as set forth by Mr. Davis being granted. Unfortunately for the Northwest and still more unfortunately for Mr. Davis' candidature this has notoriously not been the result.

ST. ALBERT ROAD.

# POLICE COURT.

On the 31st of last month on the information of Ernest St. Jean of St. Albert a warrant was issued for the arrest of Fred Carson for obtaining \$70.00 from St. Jean under false pretenses. He started south and it was supposed had gone to Calgary. This, however, was not the case. Last Sunday he was discovered by Sergt. Dunning concealed in a potato bin in the cellar of Gilbert Anderson's house at the Miner's Flat. He was apprehended and brought into the barracks and on Tuesday was taken before Inspector Percy, J. P. on the preliminary hearing of the charge. Evidence for the prosecution having been given the accused was committed for trial at the May sittings of the supreme court. Mr. Strachan appeared for the crown and Mr. Connon for the defence.

On Monday before Inspector Percy, J. P. Fred Carson was charged with having on the 27th January, sold intoxicating liquor. He pleaded not guilty. He was convicted and fined \$200 and costs and in default of payment six months imprisonment at hard labor. Mr. Strachan crown prosecutor appeared for the prosecution and Mr. Connon for the defence.

On Wednesday before Inspector Percy, J. P. and Col. Jarvis, J. P. John Flynn was charged with causing a disturbance in a public street in Edmonton on Monday by swearing. He pleaded guilty and was fined \$5 and costs. George Harris was also charged with a similar offence but it was aggravated by the fact that he used threats towards a person who had given evidence in a suit on that day. He pleaded guilty and was fined \$10 and costs. In both cases the money was paid.

On Monday before Inspector Percy, J. P. Oh-see-me-now, an Indian of the Lac la Biche reserve, was charged with gambling on the Stony Plain reserve. He pleaded guilty and was fined \$25 and costs or in default 40 days imprisonment. He had been frequently ordered off the Stony Plain reserve but refused to go.

The Canada Gazette announces that any person who sells, gives away or in any other manner conveys to an Indian of Manitoba or the Northwest Territories any fixed ammunition or ball cartridge will be liable to a fine of \$200 or six months imprisonment, or both.

Macleod has received notice of the construction of a long promised bridge over the Old Man's river at that place. The Gazette hopes it is not another false alarm and suggests a combined railway and traffic bridge.

## TO THE ELECTORS OF THE ELECTORAL DISTRICT OF ALBERTA:

GENTLEMEN—

Parliament having been dissolved and the general elections announced to take place on the fifth day of March next, you will be called upon to elect a representative for this District. I beg to again announce myself as a candidate for your suffrages.

When elected four years ago as your representative I pledged myself to a fair and reasonable support of the present Administration. This I rendered, conscious of the fact that in so doing I best served the interests and concerns of this important district. If again elected I shall be pleased to support the platform just declared by Sir John A. Macdonald, in regard to those important public measures now waiting to be pronounced upon by the people of this Dominion. During my past term of office I exerted my efforts to the best of my ability in securing the expenditure of public funds and the concession of government grants and subsidies for the promotion of public buildings, railways, works and enterprises in this Electoral District. I feel justified in saying that these efforts have been productive of satisfactory and material results to Alberta.

I might with pardonable pride point to the construction of the Calgary & Edmonton Ry. which in the very near future will give railway communication between the widely separated northerly and southerly boundaries of this district. It is highly desirable that this railway should be so extended to the south as to permit of the vast resources of Alberta having an outlet by railway communication to the railway system of the United States. My efforts, if elected shall be exerted to the promotion of this end. I might also make passing reference to the extension of the Galt road to the International boundary line, and the connections there made with the great American systems of railway. Other railway enterprises are now projected for this District, my support to which I shall be most pleased to give.

Had another session of the House intervened before dissolution of Parliament large appropriations would have been placed in the estimates for the building of bridges and public buildings at various points of settlement throughout this district. This assurance I had from the Government during the last session of Parliament and it shall be my duty at the next ensuing session to see that such grants are duly made and these public works proceeded with at an early day.

The question of erecting Alberta into a separate province with full provincial rights of government has recently engaged the public mind in this district. I am in harmony with this movement, and the carrying out of this important public measure will receive my earnest support when assured that the revenues to be provided for the maintenance of a Provincial government and public service will be sufficient without having resort to direct taxation.

My personal interests in this district being large, I am therefore on these grounds most closely identified with every movement calculated to promote the progress and prosperity of Alberta.

I therefore, gentlemen, have no hesitation in again soliciting your heartiest support and interest in electing me as your representative for the ensuing term of Parliament.

Believe me,

Gentlemen of Alberta,

Your faithful servant,

D. W. DAVIS.

## NORTHWEST FARMER.

A 28 page monthly devoted to the agricultural interests of Manitoba and the Territories in all their branches—grain raising, stock raising, dairying, gardening, poultry raising, bee keeping, etc.

The Farmer is the only agricultural paper solely devoted to Northwest agricultural interests and is therefore a safer guide to Northwest farmers than any paper published in other interests can possibly be, no matter how meritorious it may be in its own line.

Besides, the Farmer is a live paper in every sense of the word. It takes hold of farming matters in a farmer's way, with a view to actual conditions and practical results, not dealing in theories or fancy farming.

The regular subscription price of the Farmer is \$1 a year, but by special arrangement the BULLETIN is enabled to furnish it to paid in advance subscribers to this paper at 60c a year.

Subscribe now or at any time and get the best local newspaper in the Northwest and best agricultural paper in the world for the Northwest at \$2.60 a year.
